

OUR DAY AT LADYBIRD...

Our day at Ladybird is varied, exciting and always busy! Our activities are inspired and directed by the interests, ages and stages of the children who are with us each day. Your child will learn most effectively through play, when interested and absorbed in their own self chosen activity.

Throughout the day the children are able to self select activities to play alone, with a teacher, alongside a peer, or in a group with their friends.

Every day your child will have the opportunity for practical life and sensorial activities, construction activities, role play and dressing up, reading and listening to stories, singing and musical instruments, sand/water play, small world play, mark making, colouring and painting, cutting and sticking, outdoor play and much more! Literacy and Numeracy activities feature throughout the Nursery environment and day.

Extended activities available also include large and small scale Art and Craft projects, Music and Movement, Drama, Show and Tell, and themed activities to extend the children's knowledge and understanding of the world around us.

Our primary aim at Ladybird is that your child is happy and safe and has lots of fun!
